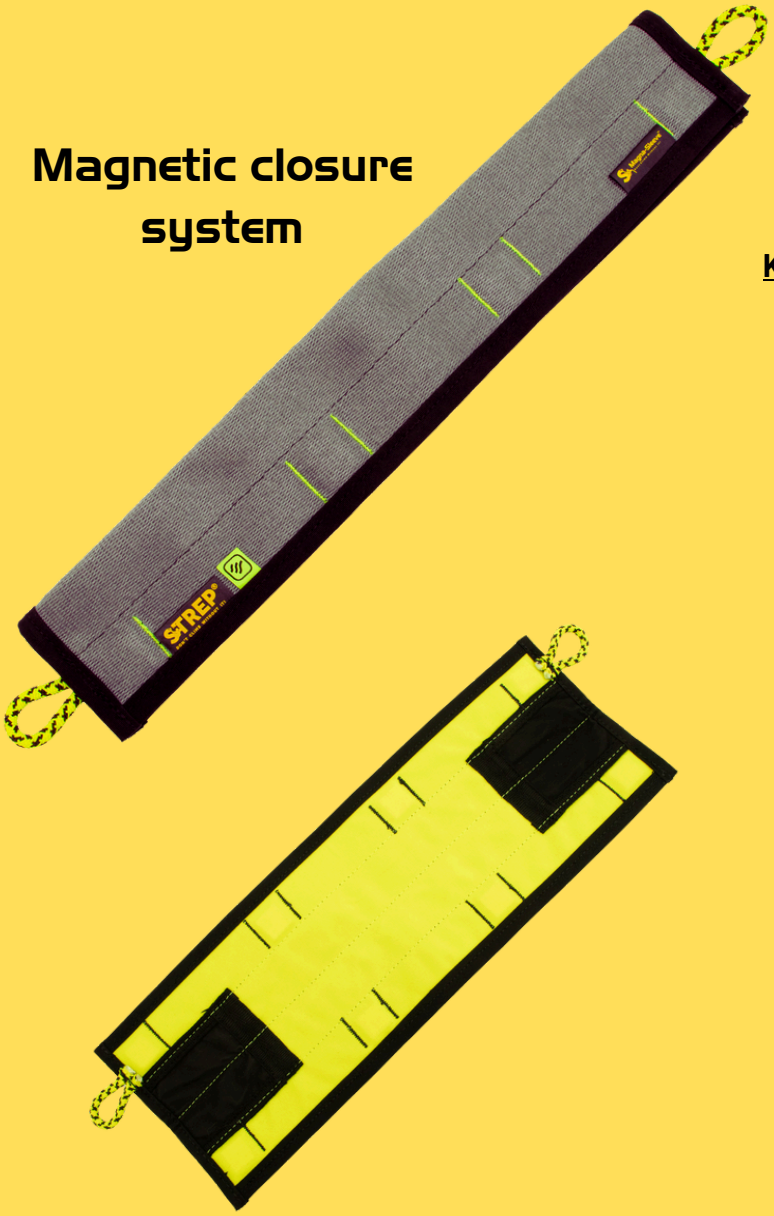
Magna-Sleeve™



Magnetic closure system

Magna-Sleeve – Silent. Secure. Magnetic.

Key Features:

- **Rapid Deployment:** Fast, easy-to-use edge protection for high-performance rigging teams.
- **Silent Magnetic Closure:** No buckles or Velcro—quiet, secure application using integrated magnets.
- **Dual Functionality:**
  - ***Standard Mode:*** Stays firmly in place with non-slip ShoreGrip material.
  - ***Inverted Mode:*** Flip inside out for a smooth, glide-friendly surface ideal for sliding applications.
- **Abrasion-Resistant Construction**: Durable nylon exterior built to withstand heavy use in demanding environments.
- **Metal Surface Compatible:** Magnets allow direct attachment to steel and other ferrous surfaces.
- **Modular Design:** Seamlessly pairs with the upcoming Magna-Mat™ for an expandable edge protection system.

Specifications:

- **Material:** Abrasion-resistant nylon with ShoreGrip non-slip liner
- **Closure:** Integrated magnetic system (silent, secure, and tool-free)
- **Attachment Options:** Magnetic surface adherence or use standalone
- **Width:** 6" wide
- **Sizes Available:** 18" and 24" lengths

ShoreGrip® (non-slip)
