

Visor

Steel Mesh Visor

The steel mesh visor is very robust and suitable for tough working conditions. The visor protects the wearer from large dust particles and gives a comfortable airflow, stays close to your face for superior coverage and ensures stability and balance. The visor is approved to low impact and is suitable for applications such as forestry work and grass/bush trimming. It is designed to be combined with any of the Hellberg Safe carriers.

Features

- Light transmittance of up to 70%
- Suitable for forestry and gardening

1

1. 20912-001 Steel Mesh Visor

Overview/Features

Uniform visor design

All Hellberg visors follow the same shape and design, allowing any visor to fit any visor carrier. This makes it easy to swap between different visors for different work tasks without needing to change the carrier.

Quick and easy visor assembly

The face protection system mounts easily to any Hellberg hearing protector as well as safety helmets and stand-alone visor carriers. And it is as easily removed, perfect for when you are switching between different work tasks in noisy environments.
