Customs tariff number:	65061010		

DATASHEET

KIT INCEPTOR GRX HV + NECKX

This clever combination of INCEPTOR GRX HIGH VOLTAGE and integrated neck protection is subsidised by BG BAU with up to 50 % of the purchase costs as part of an occupational health and safety premium (for more information, see "News"). NECKX protects the neck area against dangerous solar radiation, to which one is often exposed when working outdoors. The high-tech canvas fabric protects against UV rays and is cooling at the same time. The ergonomic EPS thorax ensures outstanding wearing comfort. The neck strap allows continuous width adjustment from 54 to 63 cm. The chin strap is equipped with a Fidlock buckle: the ergonomic magnetic closure is easy to open and close as it locks securely and automatically. The Gear Rack, several helmet clips and Euroslots allow the additional attachment of accessories such as a headlamp or ear protectors. Padding is replaceable and can be cleaned or replaced. meets partly EN 397:2012, EN 50365:2002 1000V a. c.

FEATURES

Colour:	White, Black
Helmet features:	Protection of electrical hazard, Adjustment system, Headlamp clips, Ear protection fixation, Visor fixation, Name tag, Neck protection fixation, Water resistant, Personal protective equipment
Inside padding:	Changeable, Washable
