DATASHEET

D-ONE TG

The D-ONE is a robust and versatile aluminum carabiner that combines maximum strength with minimal weight thanks to its hot-forged design. Its D-shape ensures optimal load distribution, while the large gate opening and ergonomic handling provide maximum efficiency – even when wearing gloves. Color-coded components allow quick identification in the workplace and ensure smooth compatibility with a wide range of devices. With its high strength on all axes, the D-ONE is the reliable choice for professional users in industry, energy, and rescue applications.

FEATURES

Colour:	Orange, Grey
Swivel:	No
Gate opening:	21 mm
MBS MAJOR AXIS:	34 kN
MBS MINOR AXIS:	10 kN
Form fit:	Key Lock
Carabiner type:	Type B (EN 12275: 2013), Type B (EN 362:2004)
Maximum lifetime:	30 years
Minimum temperature:	-29 °C
Maximum temperature:	40 °C
Standard ANSI:	No
Standard CSA:	No
UIAA compliance:	No
Anti-twist device:	No
Individually tested:	Yes
100% quality control:	Yes
Hot forged:	Yes
Hard coated:	No
Locking mechanism:	Trilock

MATERIAL

Material:	Aluminium
