Customs tariff number:	85076000

Net weight:	1.40 kg
Gross weight:	1.40 kg

## DATASHEET

# ACTSAFE BATTERY ICX

Powerful battery to extend the ICX POWER ASCENDER kit (POA-030) when more batteries are required for one device. The quick-charging battery has an electronic management system with an LED display that provides information on its charge status at all times. With a user load of 100 kilograms, one battery charge is sufficient for ascending up to 230 metres of rope. At higher loads, the battery performance is correspondingly somewhat lower.

### FEATURES

Battery range at 20° C & 100 kg load: 230 minutes

---

Application areas: Various

---

Energy source: Internal battery

---

Colour: Grey

---

Underwater operations: No

---

Charging time: 80 minutes

---

Maximum temperature: 40 °C

---

Min. ascent rate: 0 m/min

---

Minimum temperature: -10 °C

---

### MATERIAL

---

Material: Lithium-Ion

---
