

DATASHEET

D-BAR

GENERAL

Art.Nr:	ACS-6100-900
E-class number:	40-02-92-90
Customs tariff number:	39269097

Net weight:	0.06 kg
Gross weight:	0.08 kg

DATASHEET

D-BAR

The D-BAR enhances the functionality of the D-ONE carabiner by ensuring correct load orientation and a clean, organized setup in complex rope or safety systems.

It creates two separate spaces within the carabiner body, allowing secure attachment of multiple components without compromising alignment or safety. This improves workflow efficiency, reduces wear, and prevents accidental cross-loading.

Designed for professionals in industry, rescue, and rope access, the D-BAR installs quickly without tools, delivers durable performance under demanding conditions, and is compatible with all D-ONE variants – providing a reliable, well-structured connection solution for everyday use.

FEATURES

Colour:	Black
Maximum lifetime:	12 years
Min. temperature:	-29 °C
Max. temperature:	40 °C
Individually tested:	No
100% quality control:	Yes

DIMENSIONS

Rope length:	0.00 m
Useable length:	0.00 m
Size:	One Size

MATERIAL

Material:	Polyurethane
