How to Measure Your Foot

1. Stand with your heel against a wall on a flat surface.
2. Mark the longest point of your foot.
3. Measure the distance between point A and point B.
4. Compare the measured value with the chart above.

Important Notes

- Pfanner boots are designed with a close European fit.
- If you are between sizes, choosing the larger size is recommended.
- Proper fit improves comfort, stability and safety during long-term use.
